(An ISO 9001:2015 & ISO 14001:2015 Certified Company)

Welcome to Triveni

Established in 2009, Triveni Autofab commenced its operations with an aim to provide superior quality auto fabrication service to our customer. After a series of successful years in Uttar Pradesh, the company expanded its presence into the wider market across the India. Triveni Autofab is one of the biggest brands of trailers, E-Rickshaw and truck bodies in India. They are custom designed using advanced engineering techniques to suit specific applications manufactured at a state-of-the-art plant in Uttar Pradesh.

The Triveni Autofab works closely with Original Equipment Manufacturers (OEMs) as well as leading and emerging transporters. The company also helps arrange financial support in a close cooperation with commercial vehicles manufactures and financial institutions. With its rich experience and promise to quality, Triveni Autofab has grown to become one of the biggest manufacturers of trailers, E-Rickshaw and truck bodies in India.

Our vision to provide a complete solution in the field of trailers, e-rickshaw and transportation industry with a competitive advantage in cost, quality and delivery.
